Find out first-hand why Apple's new iPad is a must for all school administrators! Be among the first to discover how the iPad impacts the busy life of an administrator as well as the classroom, whether it's handling the responsibilities of an administrator or finding time to read the news or the latest educational or entertainment books. Access anytime, anywhere, content development or merge 60 pounds of textbooks or an entire library into a 1.5 pound device. Learn how to take advantage of all that this incredible device has to offer from downloading and managing apps to an exploration of the latest education apps to increase productivity as well as student learning. The iPad is the most talked about device this year. Be the first to use this revolutionary device for your job and introduce your school and students to it. Best of all, leave with **a brand new 16GB 3G iPad2** for your use and to take back to your school.

This workshop will provide training on the most valuable functions of the iPad and some of the most relevant apps. Among the uses of the iPad for administrators are:

- Observations
- Dictation
- Email
- Evaluations
- IEP check list
- E-Reader
- Data collection
- Research
- News
- Apps for weather, compass, stocks, newspapers and hundreds more
